

WIZARD

Book Wizard

Book Wizard helps you find books you may like to read. It is straightforward, but here is how to get started:

1. How do I find my 'mascot'

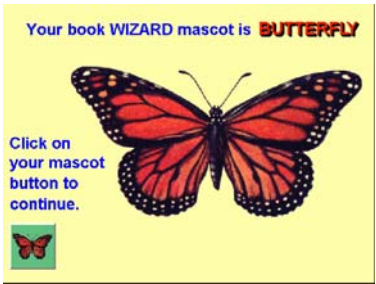

Book Wizard uses a series of 'mascots' to ensure that users don't have to keep going through the quiz every time they start it up. These are assigned for different reading levels. If they return to Book Wizard at a later date, all they need to do is click on their mascot after choosing 'no' at the second screen (see right).

Click on 'Yes'

Click on the button that describes your enjoyment of reading

You've found your mascot!!

Do you find the text too hard, too easy or just right?
